### **PIMA COUNTY REGIONAL WASTEWATER RECLAMATION DEPARTMENT (PCRWRD)- Plant Interconnect**

This month we are highlighting a project outside of the Phoenix Metro Area. The Pima County Regional Wastewater Reclamation Department (PCRWRD) is a joint-venture between Sundt Construction and Kiewit. This project is located just north of Tucson in Pima County. PDI Construction is currently excavating, trenching and boring to install conduit, fiber optics and pull boxes for the Supervisory Control and Data Acquisition (SCADA) system. When Complete, this system will allow Pima County Personnel to monitor and control the wastewater between two wastewater treatment plants. PDI Construction works in all areas of the state as well as military bases throughout the Southwest.
